Venice City Solutions 2030 is a yearly process that brings together the UN, local and regional governments and their partners to discuss progresses on SDG implementation at the local level, and specifically the role of local and regional governments in transforming the 2030 Agenda into reality for all.

This side event is intended to present the outcomes and recommendations of the 4th edition of Venice City Solutions 2030 held in December 2021, under the title “SDG Solutions to rethink the city” as well as to offer an update about the organizers join efforts to support local and regional governments to achieve Agenda 2030 for all.

Organized by UN-Habitat in collaboration with United Cities and Local Governments, AICCRE, UNDP and the UN SDG Action Campaign.
